COMRADERY AT THE CLUB, ON THE WATER AND IN THE COMMUNITY

FALL 2020, VOLUME 317, ISSUE 3

NAPA VALLEY YACHT CLUB'S COMMODORE'S REPORT

Hello everyone, I hope every member is staying healthy. It's been great seeing some of you at the Friday night dinners. Some arrive by boat and eat on their boats, others pick up their dinner. We have a group that eat on the deck and some inside. The bar is open. We all wear masks and do social distancing. The tables are beautifully decorated by the social committee. Chef Nancy has made some incredible meals. One recent night, it was a salad, salmon with scalloped potatoes and vegetables, chocolate cake for dessert. It was great!

In August we had the exterior west wall of the yacht club painted. We also have finally got five cameras on the roof installed. Thank you Mike Gibson and crew. Mike also donated a beautiful clock to the yacht club that plays chimes every hour and moves and opens in the center.

SALLY CRAIG, COMMODORE

CONTINUED: COMMODORE'S REPORT

Speaking of donations, Lori and Chris Fultz donated two pole heaters for the deck. Thank You!

We have had several Cruise In's- Point Richmond YC, Pittsburgh YC and Benicia YC. Some of the guests join us for Friday night dinners. We have other boats that cruise in and sign up through Dockwa.com.

Our Port captains, Bob Fowles and Tom Hildreth, are doing a great job. A nominating committee was formed of Bill Moore, Staff Commodore, Donald Buresh and Tom Hildreth, Past Commodores. The results will be posted at the yacht club for 30 days and are also included in this newsletter. In September students from Justin Siena had a kayak trip departing from the yacht club.

As commodore, I have submitted to PICYA all the events, meetings, and conferences that we have participated in. I think we did really well. I'm anxious to see the results.

In October came the fires and at the Friday night dinners, I put a donation box on the bar and passed the hat around for donations for the fire victims. Some donated gift cards, cash, and checks. Gift cards were purchased. Nancy Muller, Stan Blough, and myself went to the CrossWalk Community Church (which is the headquarters for the fire victims) We donated over \$700 to the fire victims. Thank you all that contributed. Comraderie in the Community!

Hope to see more of you at the Friday night dinners.

Thank you,
Sally Craig, Commodore

P.S. I have been informed by PICYA that we reached 4 STARS for the first time in the history of our Club. Last year, we were 1 STAR. This makes me **very happy** after such a trying year. Maxine is very happy too.

NVYC GEAR

Ahoy Mates, the NVYC Ship's Store is open. We have logo hats in white and orange and black coming in soon. Our own lovely Angela Lewis is modeling it.

Also on order are ladies 3/4 sleeve tees and unisex vests. Custom orders can be made with embroidered or printed logos.

You can view the catalogue at www.pirateslair.com and let me know the item, color, size and page number and I will order it for you.

Happy Sailing, Debbie Dean,
debbiedean39@gmail.com

NVYC REAR COMMODORE REPORT

by Stan Blough

Finally some GOOD NEWS! On October 20, it was announced that the City of Napa would go to the Covid-19 level ORANGE on Oct. 21. What this means is that we will now be able to have 28 people inside the clubhouse - 50% of capacity! Up from 14.

While we have been trying to keep our members safe from the virus many of our great volunteer members have continued hard at work. Evelyn Silveri keeps bringing new member applications to the board meetings - keep up the good work Evelyn!

Those of you that have been coming to the Club on Friday nights have noticed that more tables are available on the deck to make Social Distancing easier. Additionally you will see two other additions - propane heaters standing ready to warm the deck as chilly fall nights begin to arrive.

The Napa Fire Department has been around to make sure that everything is OK to keep us safe. Unfortunately some problems were found so we are in the process of correcting the problems along with updating our fire extinguishers and the kitchen fire safety equipment.

We continue to update our Membership Works Club software. As a result you will have noticed that you will be able to specify when you order dinner where you would like eat - Clubhouse, deck, boat or have carry out to take home.

We are planning for our upcoming boat parades.....but more on that later.

CRUISING THE NAPA RIVER

By Vice Commodore, Nancy Mueller

The 2020 year has been like a turbulent sea, very rocky, and just when you say it can't get any worst, it does, with major fires in August and then again in September being one of the worst fires in California's history.

But we do have some very positive things happening at the Napa Valley Yacht Club with our members having a positive attitude and warm camaraderie among our membership. We continue to have new members join our club which add to the wonderful membership we already have. We continue to have Friday night dinners with much cheer and happiness thanks to our private chef, Nancy and our OD coordinators, Kathy Archer and Stan Blough. We are so grateful to have our Bar captain, Alan Montague who has worked so hard with his wife Sarah to staff the bar and to recruit others to tend bar. Thank you everyone for keeping the bar open on Friday nights for the enjoyment of everyone. It has definitely lifted everyone spirits.

We have a new Port Captain Robert Fowles with Tom Hildreth. They are doing a fabulous job and are washing down the dock every time we have a cruise-in and rental on our docks. Tom purchased a new hose and nozzle in order to clean up the whole dock. They also greet the cruise in boats and welcome them to our club.

Our social committee is working hard on events for the rest of the year such as Halloween and the Lighted Boat Parade on December 5th, that can be viewed by the public along the Napa River waterway. Your Vice Commodore ,myself, is working hard on the Change of Watch and Commodores Masquerade Party at the Napa Valley Country Club on December 11th with live dance music. We hope you will attend which we believe will be a blast and fun time for all. We will work hard to keep our members safe, which means the upmost to all of us at Napa Valley Yacht Club.

NVYC MEMBER SPOTLIGHT PROFILE

John and Jennifer Stephan

Once upon a time, on an Eastern Airlines flight from Washington, DC to Louisville, Kentucky, a handsome young Justice Department lawyer named John Stephan found a roach in his coffee. In his quest for the culprit, he came upon a beautiful young flight attendant named Jennifer Angell.

And they lived happily ever after, as husband and wife for almost 55 years

John is from Seattle and earned his bachelor's and law degrees from the University of Washington, as well as a master's in taxation from George Washington University. He spent five years as a litigator for the Tax Division of the Department of Justice.

Jennifer was born in Yorkshire, England. She migrated to Montreal at age 19 and thereafter to Washington, DC while employed by Eastern.

John's career took them to Detroit with the Ford Motor Co. and eventually to San Francisco with the Bank of America where after 24 years he retired as head of the Tax Department. The Stephans have a son in New York and a daughter in Mill Valley, each with a son & daughter.

During their time in San Francisco Jennifer worked for several years at the Visitor and Convention Bureau.

They moved to the Napa Yacht Club neighborhood in May 2019, along with their labradoodle "Rumpole", retaining their home in the city. They have purchased a Duffy electric boat, and Jennifer has enjoyed her new pedal kayak. She and a group of other women also play bridge regularly with the men at the Veteran's Home in Yountville. John is a golfer. During the current lockdown John also has had an opportunity to work with his 11-year-old grandson on reading skills. "I have a whole new appreciation of teachers," he said.

They are eagerly looking forward to a post-lockdown visit to England. "I haven't seen my family in two years, and that's too long," she said. All of us who are in the same position would agree.

The Stephans have recently become members of the Napa Valley Yacht Club. This article originally appeared in the Napa Yacht Club neighborhood fall newsletter as an interview, which was provided by Tom Kennelly.

RECIPROCAL YACHT CLUBS

How does reciprocity work?

There are more than 100 yacht clubs and boating organizations in PICYA, each unique in size, structure and facilities. It is the responsibility of each club to develop its own policies and procedures about reciprocity.

Some guidelines

1. Verify that you have reciprocal privileges.
2. Call ahead to ensure that space is available, your visit will not conflict with other club functions, and to make arrangements early in the year for a club cruise.
3. When making arrangements ask about club and marina rules such as, allowing pets, parties, electrical service, etc.
4. Always sign the guest register.
5. Always have a current membership card from your clubs and be prepared to show it.
6. Wear a nametag from your club or sign a 'stick on badge' from the club.
7. Ask for a copy or location of club rules and observe them, you are a guest.
8. Patronize the facilities of the club. They may have brought in extra staff just for your visit.
9. Under no circumstances board or make fast to any vessel without permission. Do not use any equipment left on the dock.
10. Always follow good environmental practice consistent with concerns for proper waste disposal and discharges from your vessel.

Sailing Away by William Moore

It's been said that the Napa Valley Yacht Club is now "More Frittata than Regatta." Our club activities are all great fun, but do any of our members still sail?

We have no regattas, but Jeffrey Yablon and Trish Arnold's 41' Columbia, BACCHUS, has been very active this season. On the BACCHUS, berthed at the Marina Bay Yacht Harbor in Richmond, Jeff does a sail-out every other Sunday into San Francisco Bay. Although he maintains a basic sailing crew which he draws from for each outing, guests are added in an ever-changing combination of participants. The skipper and three crew members are essential for operating the boat, and the other guests are trainees, or wine and food devotees and *reconteurs*, making the trip more pleasurable for all. The food brought by guests and crew varies from one outing to another. Some meals are simple sandwiches for hard-core sailors who just want to get out on the water, while others are pre-packaged, gourmet offerings. We've seen no frittatas on board, but some of the gourmet spreads tempt us to get the S.F. Chronicle food editor on the phone and send photographs.

The BACCHUS outings are also something of a family affair. Guests and crew often bring along a partner or younger family member to introduce him or her to the sailing experience and/or expose them to the rich mix of characters always found on board. A father brought his high school daughter along, and we found her to be an accomplished sailor. Other young guests are given instruction by skipper Jeffrey on basic sailing. Guests are assigned tasks based on their skills, from acting as "spotter" or watch for other approaching crafts, to coiling loose dock lines or serving food, even commanding the vessel. Everyone is a sailing participant in some way.

There may not be a regatta in our club's future, but let's keep sailing away at every opportunity. The BACCHUS requires wine, and we can all benefit from more frittatas.

RECIPROCITY IN ACTION

A visit to Tahoe Yacht Club by Angela Lewis, Karen Stevens and [Sally Enea Craig](#).

GIVING BACK

A BIG THANK YOU to all of our members that contributed cash, checks, or gift cards to Glass Fire victims. The CrossWalk Community Church was the head quarters for the fire victims. Over \$700 in gift cards were donated.

THE TIPPING POINT by by Teri Deits

After 14 days of sheltering in place, I reached a tipping point and longed for the camaraderie of our NYC kayak group. I ventured out on my Hobie kayak to practice social distancing skills on our beautiful NYC waterways. Ahoy mates! Finally, a way to safely socialize, get in some exercise, fresh air, and enjoy the natural recreational resource right in our own back yards. Kayaks are fairly stable and rarely flip over, but in my zest to keep my distance from others, I leaned over too far and learned first hand how everything can change in a moment! My kayak unexpectedly flipped over and I was now IN the river, not ON it!

Although drenched and embarrassed, flipping over did not dampen my spirits. I realized that kayaking with friends that day made a big difference in feeling connected during this surrealistic pandemic crisis.

Lessons learned: Safety first: Life Jackets; don't lean too far left or right; secure your gear; use waterproof phone protectors which saved my phone; and watch YouTube videos on how to re-enter your kayak if you flip over.

Stay safe friends and neighbors!

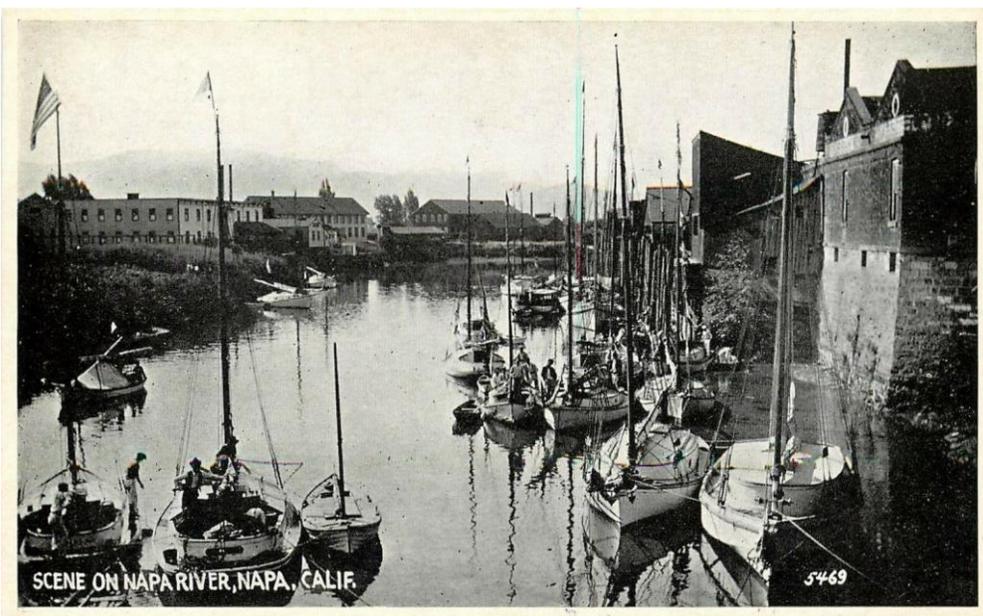

Jim and Marianne Soule at Coastal Maine Botanical Gardens and their boat in Pemaquid Harbor, Maine.
